Experience

Suspicious Activity Investigator - BSA/AML **July 2020 - Aug 2022**
BankPlus Ridgeland, MS

- Streamlined operations by developing and implementing compliance procedures and guidelines for cross-functional operations teams, resulting in an increase in process efficiency and improved collaboration among departments.
- Utilized critical thinking skills to evaluate risk levels of customer behavior, including transactional trends and historical statistics, effectively preventing money laundering and ensuring regulatory compliance.
- Protected the company's reputation and financial well-being by leading investigations into systemwide suspicious activities

Key Accomplishments:

- Played a pivotal role as a liaison to newly acquired banks, driving successful training and transition processes.
- Selected as a distinguished representative to attend the esteemed BSA/AML Conference, showcasing the Bank's commitment to regulatory compliance and industry best practices.

CIP/QA Analyst and Regulatory Specialist **June 2018 - July 2020**
BankPlus Ridgeland, MS

- Demonstrated effective communication and interpersonal skills, fostering a collaborative environment and enhancing team cohesion.
- Collaborated with cross-functional teams to analyze customer accounts, ensuring compliance with federal regulations and fostering a strong attention to detail.
- Successfully identified and reported counterfeit money incidents, showcasing the ability to detect anomalies and contribute to risk management efforts.

Key Accomplishments:

- Played a key role in the education department, contributing to employee training and onboarding during two company mergers.
- Selected for assisting in designing and delivering training materials, ensuring seamless knowledge transfer and a smooth transition for new employees.

Projects

Wear You Wander | https://github.com/AveryCaldwell/WearYouWander | https://averycaldwell.github.io/WearYouWander/

- As Team Lead for this project, I assigned tasks, created the concept of the application, brand design & logo, worked with the Shuttershock API and Visual Crossing API, and integrated the team's work to ensure acceptance criteria was met.
- HTML, CSS, Foundation Framework, JavaScript, and jQuery

Cheers Check | https://github.com/AveryCaldwell/CheersCheck | https://averycaldwell.github.io/CheersCheck/

- As Team Lead for this project, I assigned tasks, created the concept, functionality, & styling of the application, created the powerpoint presentation, & integrated the team's code to produce a successfully functioning application. All Acceptance Criteria was met for this project.
- jQuery, JavaScript, MySQL, Sequelize, Handlebars.js. Node, Express, Heroku, Anime.js, Bootstrap HTML, and CSS

TasteBuds | https://github.com/AveryCaldwell/TasteBuds | https://taste-buds.herokuapp.com/

- As a Team Member, I ensured app functionality and that acceptance criteria was met, as well as, created the concept & design of the application and integrated the front to the backend.
- React, Javascript, Tailwind, Express, Node, Heroku, MongoDB, Mongoose, MongoCompass, Apollo, GraphQL, HTML, CSS
